# COURSE OVERVIEW

## » What you will learn

The qualification introduces learners to key topics such as:

- An overview of the warehousing and logistics sector
- Responsible disposal and environmental considerations
- Safe working practices and health and safety awareness
- Moving and/or handling goods in logistics operations
- Preparing for an interview in the warehouse industry
- Interview skills for the warehouse industry.

Content is delivered in an accessible and supportive way, with practical examples linked to real working environments.

Assessment is designed to be supportive and accessible. Learners may be assessed through:

- Short tasks and activities
- Workbook or portfolio evidence
- Tutor observation and discussion

There are no formal exams, making this qualification suitable for learners who may lack confidence in traditional assessments.
