# COST & FUNDING OPTIONS

- **Course Cost:** £2,199
- **Payment Options:**
  1. Advanced Learner Loan (subject to eligibility)
  2. Pay upfront in full (and receive 10% discount making the full course only £1979.10)

No previous qualifications or experience are required – just motivation, a willingness to learn, and an interest in health, fitness, and helping others achieve their goals.

## How advanced learner loans work

This course can be funded through a **Government Advanced Learner Loan**, which works in a very **similar way to a university student loan**.

The loan covers the **full cost of the course**, meaning there's **nothing to pay upfront**. The money is paid directly to the training provider, not to you.

You only start repaying the loan once you are earning over the government repayment threshold, and repayments are automatically taken through your wages. Until you start earning over this threshold, you won't start paying it back. There are no credit checks, and your household income doesn't affect eligibility.

For many learners, this makes training affordable and low risk while they focus on building a new career.

Alternatively, learners can choose to pay in full. Our team is happy to talk through all payment options and help you decide what's best for you.

# WHY USE BDT FOR YOUR COURSE?
